Crestpoint Estate - A contemporary architectural masterpiece in the heart of Pinecrest

In the prestigious neighborhood of Pinecrest, Crestpoint Estate represents an extraordinary synthesis of contemporary architecture, international design and resort-style lifestyle, a residence conceived for those who seek absolute excellence, privacy and uncompromising sophistication. Tucked behind a dramatic parametric entrance and surrounded by over 55,000 square feet of private gardens, the property spans over 16,000 square feet in total, offering one of the most exclusive residential experiences in the entire Miami area. through the tropical gardens, dissolving the boundary between architecture and landscape. The residence offers: 7 representative bedrooms 8.5 designer bathrooms large living and reception areas spaces designed for private entertainment and sophisticated daily life. The exclusive kitchen signed Fendi overlooks the estate's gardens and harmoniously integrates with the rooms dedicated to conviviality. The formal living room and elegant reception hall are embellished with bespoke leather details made to the standards of the iconic maison Hermès, further elevating the level of exclusivity of the property. Outside, the estate is transformed into an authentic private resort: scenic double-height granite waterfall lounge area with sunken fireplace swimming pool lined with Sukabumi stone putting green private tropical landscaping crafted with extreme care. Fully furnished by Artefacto, Crestpoint Estate is offered as a turnkey residence, ready to welcome an international clientele seeking an iconic, elegant and perfectly finished property. A unique estate that combines art, architecture, design and...
